### ABOUT GAN

Graham Advisory Network Incorporated (GAN) is a SAM.gov registered, SBA Certified SDVOSB, and SBA Certified HUBZone company that specializes in subscription, publication, and research database technology solutions. GAN focuses on the special needs of librarians, researchers, healthcare providers, and educational institutions across the spectrum of governmental agencies and departments. If you need a quote for one subscription or publication - or a thousand - we can manage the entire process for you while also actively working to save your department or agency money. We can also consolidate your various subscription contracts into one annual contract and negotiate option years for renewals to help streamline your procurement process for years to come. Call us now about your online journals, magazines, databases, printed publications and other library services to discover how quickly GAN will become your most valuable SDVOSB Federal procurement resource.

### CORE COMPETENCIES

GAN enables government contract specialists to easily achieve their procurement goals through:

- Subscription and publishing procurement, management, contract consolidation, and a variety of other publishing & library services
- Organization wide contract consolidation – get all your subscriptions unified across VISN’s, regions, and/or departments with GAN
- IT Hardware, Peripherals, Software, SaaS, & Cloud Products – we can fulfill your IT needs

### GAN is an Authorized Reseller Agent for:
